

exercise mat

- Manufactured from NBR (Nitride Butyl Rubber), a closed cell material, which is resistant to moisture.
- Carry strap included.
- Textured on one side to prevent slipping.

care instructions

1. Wipe sweat and moisture off with a towel or cloth after each use.
2. Clean with mild soapy water only, do not use solvents.
3. Sharp items such as jewellery and belt buckles can cut mat.

Note: Due to variations in the material used in the manufacture of this product, the colour and thickness of mats can vary slightly.
