

FIXED DUMBBELLS

Impress your clientele with Australian Barbell Company's premium commercial quality Fixed Dumbbell range. Featured in fitness and sporting facilities worldwide, our Fixed Dumbbell range is one of our most recognized and respected products.

Designed, manufactured & assembled in our Melbourne engineering facility, this range is built to endure the unrelenting demands of commercial gym usage. Synonymous with premium quality and durability, our fixed dumbbells appease both the user and owner with their functionality and longevity.

Be the envy of your competition – finish your fit out with an array of options & complementary products to complete your fully coordinated Australian Barbell Company premium free-weight fit out.

PRODUCT FEATURES

- Superior quality Australian Made product – remaining price competitive with many alternate inferior quality imported ranges
- All components are manufactured in house (excluding weight plates)
- Fast turn around time for your chosen combination of dumbbells which is custom manufactured, assembled and packaged in our Melbourne based facility
- A unique 'triple-locking' mechanism to firmly fasten dumbbells thereby eliminating the need for routine tightening.
